

EU-RAP Western European Regional workshop on the implementation of national radon action plans

Objective: DG Energy has commissioned a study to review and evaluate national radon action plans established in EU Member States according to the requirements of the Council Directive 2013/59/Euratom – the BSS Directive – focusing on the practical implementation of the actions defined in these actions plans. This first regional workshop, focusing on Western European countries, has the aim to review implementation practices and discuss the challenges and good practices applied in the different countries. Preliminary results of the EU-RAP analysis will be discussed among the participants.

Invited authorities from the following countries are expected to participate: Austria, Belgium, France, Germany, Ireland, Luxembourg, the Netherlands and the United Kingdom. Members of EU-RAP Reference Group are invited as observers unless they represent an authority in one of the above countries. Switzerland, as the host country, and ERA management board members, are also invited as observers.

Date: 12 October 2021

Location: Fribourg, Switzerland

| Preliminary agenda | | |
